

**REMARKS**

Claims 1-11 are pending in this application. By this Amendment, claim 5 is amended and claims 10 and 11 are added. No new subject matter is added.

Regarding the Restriction Requirement, Applicants provisionally elect Group II, claims 5 and 6, with traverse. Applicants respectfully submit that new claims 10 and 11 should be examined with claims 5 and 6.

It is also respectfully submitted that the subject matter of all claims is sufficiently related that a thorough search for the subject matter of any one Group of claims would encompass a search for the subject matter of the remaining claims. Thus, it is respectfully submitted that the search and examination of the entire application could be made without serious burden. See MPEP §803 in which it is stated that "if the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions" (emphasis added). It is respectfully submitted that this policy should apply in the present application in order to avoid unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Thus, withdrawal of the Restriction Requirement is respectfully requested.

Respectfully submitted,
